Before You Begin

Included Components:

1-Tonneau Cover

Thank you for purchasing the Smittybilt Tonneau Cover for 87-95 Jeep Wrangler. Before you get started, please read the important information listed below:

1. For this Tonneau Cover to fit correctly you must have Soft Top equipment, factory installed hardware on your vehicle.
2. All Smittybilt Soft tops are pre-fit at the factory. Please note that in order to provide long term fit, Smittybilt designs each top to fit very tight on the initial installation. Please make sure it is at least 70 degrees F. when you first install this top or it will be very difficult to install. If you use a hair dryer to warm the fabric, the install will be easier.
3. The Tonneau Cover may seem wrinkled when first installed, this is caused by the fabric becoming wrinkled during shipping. The fabric and the wrinkles will relax after a few days installed on the vehicle.

Warning: this top is designed to protect you from the elements only and is not designed to keep you inside the vehicle in the event of an accident. Always fasten your seat belt.

- **IF YOU HAVE ANY PROBLEMS WITH THE INSTALLATION OR PERFORMANCE OF THIS TONNEAU COVER , DO NOT RETURN THE PRODUCT TO THE RETAILER. PLEASE CALL 909-272- 3176 FOR INSTALLATION HELP. FACTORY TRAINED PERSONNEL WILL BE ABLE TO WALK YOU THROUGH THE INSTALLATION/PROBLEM.**
