

S5026P

00-06 CHEV TAHOE/GMC YUKON, 5.3L, CAT BACK, 3" SINGLE SIDE

MBRP
PERFORMANCE EXHAUST

10 June, 2016

PLEASE READ BEFORE STARTING INSTALLATION

MBRP Inc. has made every effort to ensure that all components of this system are of superior quality and properly packaged. It is the installer's responsibility to ensure that all components are present and fit together as shown. Please also ensure that all components are undamaged before removal of the factory exhaust. Finally, check that this system properly matches the make and model of the vehicle and will not interfere with previous or planned modifications.

Removal of stock system:

1. Apply a penetrating lubricant liberally to all exhaust fasteners, hangers and rubber insulators.
2. Remove the nuts from the studs holding the front flange together and disconnect exhaust system.
3. Remove the hangers from the rubber insulators and remove the exhaust from the vehicle. If a hoist or hydraulic lift is not being used the tail pipe may need to be cut to clear the rear axle.
4. The studs located in the exhaust flange must be removed. This can be accomplished using a hammer. The studs will be replaced by hardware supplied with the system.

Installation of MBRP Inc. Performance Exhaust:

1. Loosely attach the **Extension Pipe** at the flange using the hardware provided and slide hanger into rubber the insulator located on the frame.
2. Install the **Muffler** onto the **Extension Pipe**.
3. Feed the **Tail Pipe** over the axle and loosely attach it to the **Muffler**. Install the **Tail Pipe** hanger into the factory rubber insulator located directly above the hanger.
4. Install provided **Clamps** to the pipe connections where required. Align the exhaust as required before tightening clamps.
5. Starting at the front of the exhaust, tighten all clamps and connections.
6. Check along the whole length of the exhaust system to ensure that there is adequate clearance around the spare tire, fuel and brake lines or any wiring. If any interference is detected, relocate or adjust.

Congratulations! You are ready to begin enjoying the improved performance and driving experience of your MBRP Inc. Performance Exhaust system. We hope you enjoy your purchase.
