Read all instructions prior to install.

Note: Prior to installation, please compare the parts that you have received with the bill of materials provided on this page to assure that you have all the parts necessary for the installation.

CAUTION!!! Never work on a hot vehicle. Serious injury in the form of burns can result if the vehicle has been in use. Allow vehicle to cool prior to installation. Always wear eye protection when working on or under any vehicle.

Note: As a safety precaution whenever working on a vehicle, we recommend disconnecting any batteries by disconnecting the negative connection to them. The installation of the Sinister Diesel CAT Filter Adapter requires you to expose fuel. Please take the proper precautions for handling fuel.

Step 1: Using an 8 mm socket, loosen the two hose clamps and remove the intake plumbing connected to the air filter box. (Image 1)

Note: For 2001-2004 skip to step 8. For 2004.5-2010 skip step 2 and 3.
